Fraunhofer Institut
Keramische Technologien
und Systeme

AGEF e.V.

Location: Fraunhofer IKTS Dresden

How to Reach Us

By car

- At the three-way highway intersection »Dresden West,« exit Autobahn A4 onto Autobahn A17 in direction »Prag« (Prague)
- Exit at »Dresden Prohlis« (Exit 4)
- Continue 2 km along the secondary road in direction »Zentrum« (City Center)
- At the end of the secondary road (Kaufmarkt store will be on the right side), go through light and continue straight ahead along Langer Weg in direction »Prohlis« (IHK)
- After 1 km, turn left onto Mügeln Straße
- Turn right at the next traffic light onto Moränenende
- Continue under the train tracks and turn left at next traffic light onto Breitscheidstraße
- Continue 3 km (the road name will change to An der Rennbahn and then to Winterbergstraße)
- Fraunhofer IKTS is on the left side of the road (Winterbergstraße 28) across from the Plus grocery store

By railway and tram

- From Dresden main railway station:
- From stop »Hauptbahnhof-Nord« take line 9 (direction Prohlis) to »Wasaplatz«
- Change to line 89 (direction Heidenau) and exit at »Fraunhofer-Institutszentrum«

By plane

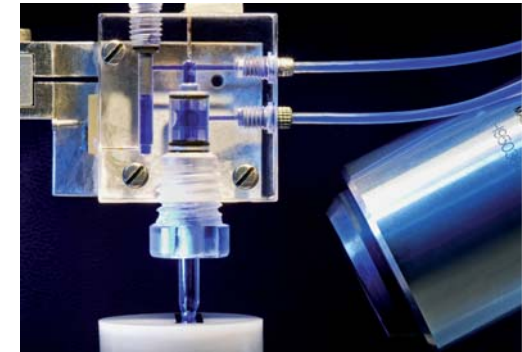

- From Airport Dresden-Klotzsche take a taxi to Winterbergstraße 28 (distance is approximately 7 miles or 10 km)
- Or use suburban train S2 (underground train station) to stop »Haltepunkt Strehlen«
- Change to bus line 89 (direction Heidenau) and exit at »Fraunhofer-Institutszentrum«

The INSECT 2006 is organized under the auspices of

AGEF e.V.
Deutsche Gesellschaft für Galvano- und Oberflächentechnik
Technische Universität Dresden
Heinrich-Heine-Universität Düsseldorf
Gesellschaft für Korrosionsschutz e.V.
International Society of Electrochemistry

INSECT 2009

International Symposium
on ElectroChemical
Machining Technology

First Announcement and
Call for Paper

Dresden,
November 26 - 27, 2009

Invitation

General Information

The **I**nternational **S**ymposium on **E**lectro**C**hemical **M**achining **T**echnology **I**NSECT **2009** celebrates its 5th anniversary this year, and will be held in Dresden again. Since the first conference in 2004 the INSECT has become a successful symposium for a well-chosen topic in electrochemistry - ECM.

This international symposium will provide a unique forum to exchange ideas, to discuss and share experiences among researchers and engineers involved in ECM technology. In addition to fundamental investigations of the electrode/electrolyte interface and applied material science, the spectrum will be extended to cover a wider variety of electrochemical topics. Technical aspects like quality, efficiency and equipment development are in focus of the upcoming conference. The conference language is English.

Advisory Board

- **M. Baumgärtner**, Leistriz Turbomaschinen Technik GmbH, Nürnberg
- **J. Deconinck**, Vrije Universiteit Brussels
- **J. Hackenberg**, Robert Bosch GmbH, Schwieberdingen
- **M. M. Lohrengel**, Heinrich-Heine-Universität Düsseldorf
- **A. Michaelis**, Fraunhofer IKTS Dresden
- **A. Schubert**, Technische Universität Chemnitz
- **G. Schmitt**, Fachhochschule Südwestfalen Iserlohn
- **H. Reinecke**, IMTEK, Freiburg
- **G. Wittstock**, Carl-von-Ossietzky Universität Oldenburg
- **B. Hommel**, SITEC GmbH, Chemnitz
- **D. Landolt**, Eidgenössische Technische Hochschule Lausanne/Schweiz

Conference Organizers

A. Michaelis, M. Schneider
Fraunhofer Institute for Ceramic Technologies and Systems
Winterbergstraße 28, 01277 Dresden, Germany

M. M. Lohrengel, Heinrich Heine University Düsseldorf,
Institute of Molecular Physical Chemistry
Universitätsstraße 1, 40225 Düsseldorf, Germany

Topics

- Fundamentals of ECM
- Materials for ECM
- Anodic Dissolution and Passivation
- Simulation and Modeling
- Industrial Applications

Call for Papers

The symposium will include a highly selective technical program consisting of invited lectures and contributed papers. Authors of conference papers are kindly requested to submit an abstract (max. 300 words, pdf or word file) by e-mail to insect2009@ikts.fraunhofer.de by no later than March 13, 2009. Please underline the presenting author and add the complete address, phone and fax numbers as well as e-mail address. Abstracts will be reviewed by the advisory board by April 3, 2009.

The organizing committee will provide the opportunity to publish the papers in the conference proceedings. All accepted authors will be asked to submit their papers (max. 6 pages, DIN A5) by August 31, 2009. Please refer to www.ikts.fraunhofer.de for detailed instructions on preparing and submitting the manuscript.

The proceedings will be handed out to all participants at the symposium.

Paper registration deadline: **March 13, 2009**
Acceptance notification: **April 3, 2009**
Paper submission deadline: **August 31, 2009**
Registration deadline: **November 13, 2009**

Registration Fees

Regular Euro 250,-
Students Euro 80,-

The registration fee includes coffee, two lunches, the conference dinner and the conference proceedings. Students must show an adequate document at the conference desk.

Please send your registration until November 13, 2009 to our participant service:

insect2009@ikts.fraunhofer.de

In case of your cancellation before November 13, 2009 the total fee will be refunded. After that date, a refund is not possible.

Time Schedule

The Symposium will start on Thursday, November 26 at 9:00 and finish in the afternoon of November 27, 2009.

Hotels

Fraunhofer IKTS holds a block of rooms until October 12, 2009 in different hotels. Room reservations should be made directly. If you make your reservation, please give the keyword "INSECT" in order to receive the special hotel rate (please see our website).

Please visit our website for updated and more detailed information on the symposium:
